Investing in Future Leaders in Pharmaceutical Science Research and Education
**AFPE FUNDED FELLOWSHIPS AND AWARDS**

### Pre-Doctoral Fellowship in Pharmaceutical Sciences
The primary goal of the AFPE Pre-Doctoral Fellowship program is to support students who have leadership potential in the pharmaceutical industry, academia, and government. The pre-doctoral fellowships offered by AFPE frequently inspire the direction of our students’ careers. Progress in research will require an infusion of new well-trained researchers entering the field.

**Dr. Paul B. Myrdal Memorial Pre-Doctoral Fellowship in Pharmaceutics**
This fellowship, in memory of Dr. Paul B. Myrdal, is awarded to pre-doctoral and Pharm.D. students who are conducting research in the field of pharmaceutics.

**Herb and Nina Demuth Memorial Award**
The Herb and Nina Demuth Memorial Award recognizes pre-doctoral students whose research focuses on parental drugs.

**ASHP-AFPE Pre-Doctoral Fellowship**
This fellowship is awarded to students whose research projects focus on improving health outcomes in hospitals, health systems, and ambulatory care clinics.

**Pre-Doctoral Award in Health Outcome Disparities**
The Pre-Doctoral Award in Health Outcomes Disparities is a designated fellowship for a pre-doctoral student whose research focuses on either a disease area that disproportionately impacts underserved populations or whose research focuses on reducing healthcare disparities and improving health outcomes for underserved populations in the United States. Examples of this research could include sickle-cell anemia, asthma, HIV/AIDS, maternal and infant mortality, access to medication, etc.

**AFPE Regional Award**
This award recognizes a pre-doctoral fellow living in Michigan, North Dakota, South Dakota, Minnesota, or Wisconsin.

**Rho Chi - AFPE School Fellowship**
Awarded to members of the Rho Chi Honor Society who have demonstrated high potential for success in a graduate program (PharmD and/or PhD) based on academic achievement, research achievement, and personal achievement.

**Gateway to Research Award**
The primary goal of the Gateway Research Scholarship program is to improve health outcomes by equipping students with a better understanding of research and enabling them to apply that knowledge to improve their clinical skills.

**Underrepresented Minority Gateway to Research Award**
This award recognizes a Gateway Awardee who belongs to a racial/ethnic group that has historically been underrepresented in the pharmaceutical sciences.

**AACP Social and Administrative Sciences Section Summer Research Exchange Mentorship Program**
The SAS Research Exchange Mentorship Program is intended to foster interest in research and SAS-related graduate education among student pharmacists. The program is open to P1-P3 students, who complete a research experience with a mentor outside their home institution, building their professional network and skills for residency, fellowship, and further graduate studies.

**Scholarship of Teaching and Learning Grant**
The Scholarship of Teaching and Learning Grants (SOTL) sponsored by the American Association of Colleges of Pharmacy (AACP) and AFPE provide research funding for active members of AACP who are engaging in educational research.
